Yesterday the citizens of Carson woke up to find the ground white with snow. It was only a light fall and disappeared as soon as the Sun came up.

Mr. Curtis, the Reno architect examined the school building on Saturday and pronounced it sound enough to stand twenty years with slight alterations.

Inquiries regarding the pedigree of Ravachol, the Paris bomb-thrower have revealed the fact that his grandfather, great-grandfather and great-great-grandfather were all hanged.

We understand the APPEAL has been taken quite severely to task recently for hunting up somebody's back record. Those whose back records will bear a full inspection need not feel the least uneasiness. As a matter of fact they don't.

Newspaper Reporter (to president of company)—"Has your company taken any steps to pay its taxes?"

President—"Why, certainly, sir. We have made two protests against the constitutionality of the law."—Texas Siftings.

President Huntington of the Southern Pacific donated \$25,000 to the San Francisco Park Fund a few days ago. If a few Nevada-made millionaires were as public spirited, the State could make an exhibit at the World's Fair.

The attention of professional politicians is called to the eight rascals who sold out the honor of America at the tug-of-war tournament in San Francisco. They have proven to the world that they are just the right stuff for a California Legislature.

On account of the bad weather the managers of the Bowers' Mansion dance have concluded to hold it in the Armory Saturday evening next.

Lindsay & Pierce have kindly postponed their dancing school on that occasion.

The citizens of Nevada have already rendered themselves nearly powerless by supporting gold-bug Presidential candidates at every election. They will not put the last rivet in their shackles by voting for Harrison, Cleveland or any other Wall street nominee this fall.—Silver State.

The suits of Theodore Fox against the Consolidated California & Virginia Mining Company have been transferred from the Superior Court to the U. S. Circuit Court. EUREKA MILL BURNED.

A \$100,000 Fire on the Carson River.

At five o'clock yesterday morning the watchman of the Eureka Mill discovered flames issuing from the small room at the end of the Eureka Mill battery, but before he could get assistance the entire building was in flames. A small fire hose that was in use, burned in two and the flames licked up the massive wooden structure while the crowd of employees devoted themselves to saving the home of Supt. Woodbury. They succeeded in this but the mill that supplied them with bread and butter slowly turned into ashes before their eyes.

When the fire reached the oil store room of the mill, the heat was terrific and in a few moments caught into two hundred cords of wood, cleaning it up in no time.

The steamer was sent down from Carson but was of little service.

About sixty men are thrown out of employment and the machine plant is about totally destroyed. Nothing but the foundation and a few pillars stand.

It is not definitely known by anyone what started the fire but it is supposed to have been a bursted coal oil lamp.

The insurance only amounted to \$15,000 with the T. R. Hofer agency and is almost nothing compared to the loss.

The mill is the property of the Comstock Mill & Mining Company, and was the best and largest on the river.

Current Literature for May.

One of the questions occupying the attention of the literary world is that of Walt Whitman's position as a poet. In order to present a good idea of the character of the discussion, Current Literature for May presents widely contrasting views of the subject. One of these is Colonel Ingersoll's oration at the tomb of the poet, from the author's manuscript; the other from the pen of an opposing critic.

Meeting Notice.

All the members of the Capitol Hunting and Fishing Club are requested to meet at the Armory Hall tonight to dispose of application for membership and other very important matters.

T. R. HOFER, President.

Lecture Tonight.

The fourth lecture of the Chautauqua Extension course will take place tonight at the Methodist Church. The lecturers are T. E. Sisson and William Woodburn, Ed. Vanderlieth will declaim and some musical solos will be rendered.

The Republican party of San Francisco also needs renovating.

The recent primaries were run by pimps, convicts and toughs. Respectable taxpayers who had lived twenty years in sight of the polling places were driven away from the polls by hoodlums on the ground that they were voting under assumed names and did not live in the ward. Honest citizens are forming leagues to see that such work does not stand and the talk of the whippers in, that by so doing they are "going back on the grand old party," does not seem to deter them in the least.

The Reno Journal advises the Democrats to declare against Cleveland in the State Convention as being the enemy of silver, in order to show the people of the State that they are consistent as the Republicans. It may as well be understood right here that Republicans are in dead earnest when they fight Harrison on the silver issue.

This is what the New Jersey Republican platform declares: "We stand with President Harrison and the Republican party in firm and unyielding opposition to free silver coinage." And in the face of such official declarations as this it is folly to assert that President Harrison is a friend to free coinage of silver.

Closing His Office.

Dr. Calhoun the dentist has concluded to spend the summer months in his dental circuit and the office will be closed after May 5th, until further notice. He also desires to dispose of office and household furniture cheap for cash. Enquire at office, Ormsby block. ap29 1w

Was It Sharp?

The San Francisco papers think it may be Sharp the noted stage robber who stopped the San Andreas stage and killed a lady passenger.

The Examiner says:

Sharp, the robber with whom Tovey fought in 1879, may be the man who done the shooting in Calaveras county yesterday morning. It is evident from the circumstances that the shot was intended for Tovey, as he and the driver and the young woman sat on the front seat together, and revenge may have been the motive. Tovey says in his telegrams that no warning was given, and in an ordinary attempt to rob the order to halt would be giving before firing.

Wells, Fargo & Co.'s detectives maintain, however, that they know about where Sharp is, and that he could hardly have been this robber. Then, too, he was not a man to retreat after firing.

The School Trustee Suit.

The case of Miss Alley, the former teacher of the Wabaska school, against the trustees of that district was tried before a jury in Justice Craig's Court in Greenfield last Saturday. It will be remembered that the Wabaska school trustees expelled Miss Alley from her school some two months ago for some trivial cause. She sued the trustees for \$150 salary and \$149 damages, and the jury awarded her the entire amount, \$299. Attorney John Lothrop conducted the case for Miss Alley. The case will probably be appealed to the District Court.—Lyon County Times.

U S Grand Jurors

Following are the U. S. Grand Jurors summoned to appear before Judge Hawley yesterday:

A. Boegle, E. Praet, Jas Singleton, A. M. McCabe, J. G. Farrington, E. Chatelain, Albert Hires, Andrew Walmsley, J. M. Davis, L. L. Elrod, N. E. Scofield, S. H. Day, D. N. Brule, Hugh Park, P. W. Van Sickle, G. N. Folsom, J. S. Gilson, J. W. Boles.

There are seven cases on the calendar—mostly for selling liquor to Indians.

All Quiet at Empire.

The Chinese wood pilers were put to work at Empire yesterday at \$1.50 a day, half the rate charged by the white men. Watchmen were placed about the wood piles to look out for fire bugs.

The dissatisfied white pilers say that the company gave \$4 a cord for the wood and would lose nothing, by the burning as it is insured for \$5 a cord.

The Fire Pail.

Millard the plumber is the agent for a new fire extinguisher. It is a covered pail filled with water with some chemical in the top.

In case of fire you smash in the lid and the chemical mingling with the water will put out any incipient fire.

Sale of Blooded Stock.

About the middle of next month John Sweeny will sell at his ranch at public auction about fifty fine Gibraltar fillies in foal to Alpha and Triumph, and a number of yearlings and two-years-olds by Gibraltar. The sale will be without reserve and there ought to be a large attendance, as this will be the last sale of Gibraltar colts in this State, as Gibraltar will be taken East after the sale. A22

Mrs. K. Knowles desires to inform the public that for the next 20 days she will dispose of millinery at cost, as she is desirous of making a change of business. Now is the time to get bargains in trimmed and untrimmed hats, feathers, flowers, and in fact, everything in her line. All goods sold without reserve. This is a bona fide sale, as the lady has business interests in San Francisco which require her attention.

For sale at a bargain Nutwood and Wilkes stock, two fillies, one yearling, one four year old, one gelding four years old, also one Hambletonian and Morgan mare, eight years old. For particulars enquire at this office. m24tf
